## Glenfield Internationals

The Internationals have been around for donkey's years, probably started when there were still black and white TVs and milkmen. If your wife had the same bust size as the average age of the players, you'd be a very happy man. (Dolly Parton springs to mind)

The team has seen a lot of changes over the years but there are still some original players left on the team and the oldest player in the league, at 76 his effort and commitment puts us all to shame. These are real troopers who have seen it all. In the early days there were quite a few successes to sing about – the odd Chopper tournament but like their scrotums, the position in the league has steadily dropped.

Every week they are still ready to take on the world. The will is there, damned right, but sometimes the body just can't quite keep up. This season we have lost nine, drawn one and have two WINS under our belt. The great success is we are not bottom! This rousing form is sure to strike fear into the next opponents.

There is a lot of footballing knowledge taking the field every week. Fans (or should I say fan and his dog) watching from the sidelines have often compared them to a classic Italian side like AC Milan or, dare I say it, a Shankly's Liverpool. It is like watching Maradona in slow motion apart from the fact that everyone else is playing at normal speed. They are a champion of the Four-Four-For F#@k's sake formation which they use to devastating effect.

Let's say we are not the best BUT love playing the game with a great bunch of lads.
